EDUCATION

Cornell University, College of Arts & Sciences, Ithaca, NY — Expected May 2030
B.A. in Computer Science and Linguistics (Intended Double Major)
Relevant Coursework: Object-Oriented Programming & Data Structures (Honors) | Linear Algebra | Intro to Linguistics

Scarsdale High School, Scarsdale, NY — Sep 2022–Jun 2026
GPA: 4.15/4.0 | ACT: 36/36 | PSAT: 1520/1520
Relevant Coursework: AP Computer Science A (5/5) | AP Calculus BC (5/5) | AP Statistics (5/5)

EXPERIENCE

Research Intern, *Regeneron Pharmaceuticals,* Tarrytown, NY — Jun–Aug 2024, 2025, 2026
- Investigated synergistic T-cell activation from a novel combination treatment in a breast cancer mouse model
- Optimized enzyme-linked immunospot (ELISpot) assays, cutting procedure time by 40% and tripling result clarity
- Ran 60+ wet lab assays (ELISA, flow cytometry; bacterial, human, and cancer cell culture) for other lab members
- Discovered a T-cell costimulatory function boosting efficacy; contributed figures to a pending *Nature Medicine* paper
- Presented findings to 30+ lab members and 120+ internship program participants

Director of Outreach & Communication, *Intergenerational Impacts,* Westchester, NY — Jun 2022–Present
- Co-designed a website and iOS/Android app sharing translated local events with 110+ Chinese-speaking seniors
- Interviewed 10+ seniors to identify needs, then partnered with organizers to source 20+ events per week for the app
- Organized 10+ intercultural dinners (e.g., Spring Festival celebrations), translating for Chinese-speaking guests
- Earned a New York State Assembly Certificate of Merit for community impact

Volunteer Teaching Assistant, *St. Joseph's School for the Deaf,* Bronx, NY — Jul 2025
- Co-planned lessons and taught origami, arts and crafts, and magic to 30+ Deaf 6th–8th grade students in ASL
- Taught physical education classes and managed student behavior over a two-week summer program

Founder & President, *Scarsdale High School Linguistics Club,* Scarsdale, NY — Feb 2024–Jun 2026
- Grew membership from 10 founding members to 25+ students
- Led weekly discussions on writing systems, ASL, and natural language processing
- Directed a Citymeals on Wheels partnership delivering 143 cards in 6 languages to isolated New York City seniors
- Organized club pizza sales that raised $500+

Swim & Dive Team Captain, *Scarsdale High School,* Scarsdale, NY — Nov 2022–Jun 2026
- Elected captain in 11th and 12th grade; led coach–team communication for 30+ swimmers and onboarded newcomers

TECHNICAL PROJECTS

ASL Eyebrow Recognition Software | *Python, OpenCV, MediaPipe* — Aug 2026–Present
- Built a real-time computer vision tool that reads a signer's brow position to detect ASL yes/no vs. wh-questions
- Tracked 478 facial landmarks per frame with MediaPipe and overlaid live labels on webcam video with OpenCV
- Classified brow position via hand-tuned thresholds on weighted expression scores, faster than a trained model
- Achieved 92% accuracy classifying brow position across 50 labeled test clips

Layered ASL Gloss (LAG): Encoding ASL's Non-Manual Grammar — Published Jan 2026
- Created a sheet music–inspired notation for ASL's facial grammar and spatial indexing, which standard gloss omits
- Aligned non-manual markers with signs on parallel layers so ASL learners can see exactly when each marker occurs
- Gave researchers a consistent framework for classifying non-manual markers when glossing ASL
- Published in the Curieux Academic Journal and presented to 80+ attendees at the Linguistic League's TALC

SKILLS & INTERESTS

Technologies: Java, Python, OpenCV, MediaPipe, Git, GitHub, IntelliJ IDEA
Skills: Object-Oriented Programming, Data Structures, Computer Vision, Academic Paper Writing
Languages: English, Spanish, Mandarin (Conversational), American Sign Language (Intermediate)
Interests: Volleyball, Street Photography, Language Acquisition, Water Polo, Skiing, Card Tricks, Clay Modeling
